Green Highlight indicates that participant completed 8 Loops/50ish km at a single event and have received their Frozen Falcon 50k Finisher toque and applicable snowflakes for each time they accomplish the challenge.

**2024 required a different route due to weather. The distance of the route was 3.1 miles/5k. Therefore in keeping with tradition, math has been done to convert this year's loops to the traditional loop based on being 4 miles. Convoluted, confusing, yes, but still allows for the 40 Loop Club Award based on the traditional 4 mile loop. Those who completed 10 loops and did 50k will be shown as having done 8 traditional loops.

40 Loop Club - Special recognition/prize given to participants for completion of cumulative 40 loops over multiple years. Who will be the first to 40, it was Steven Graupner in 2024, and in 2025 Aaron Webb also added his name to the list with an incredible 12 loop performance. I think 2026 will have a few more consistent individuals.
