Green Highlight indicates that participant completed 8 Loops/50ish km at a single event and have received their Frozen Falcon 50k Finisher toque and applicable snowflakes for each time they accomplish the challenge.

****2024** required a different route due to weather. The distance of the route was 3.1 miles/5k. Therefore in keeping with tradition, math has been done to convert this year's loops to the traditional loop based on being 4 miles. Convoluted, confusing, yes, but still allows for the 40 Loop Club Award based on the traditional 4 mile loop. Those who completed 10 loops and did 50k will be shown as having done 8 traditional loops.

40 Loop Club - Special recognition/prize given to participants for completion of cumulative 40 loops over multiple years. First to be inducted was **Steven Graupner** in 2024, and in 2025 **Aaron Webb** also added his name to the list with an incredible 12 loop performance. 2026 saw 2 more inductees; **Andrew Pickerl and Renée Desjardins**. Congrats!
